About Us

Message From The Principal

This newsletter is a combination of School & Community news and as a result some content may not reflect Miling Primary School's attitudes or values.

MORAL PURPOSE:

to provide the opportunity for our students to become well informed, actively involved, positive citizens through: developing life long learners and maximizing the potential of every student.

Dear Parents, Carers and Community

Term 4 Week 2

Term 4 is proving to be as busy as anticipated for our school. Our students are engaging well with the learning opportunities planned for them and are striving for progress.

Principal and Staff Professional Learning

Mrs Dennis and I attended professional learning focusing on Analysis of NAPLAN Data training on 30th October in Perth. This will enable the staff to set targets that will encourage progress for the future.

School Board Parent Representative

If you require any further information please contact me via email, by phone or via our Chairman, Paul White. Information has been included for the last time today before an appointment can be made.

Northam Health Incursion

The visit from Northam Health was a very positive experience for all involved. Our students asked relevant and well thought out questions of Andrew, the amputee who shared many experiences he has encountered since becoming a person with a disability.

Dr Harry, who is in charge of the Health Network, commented 'what a fantastic positive experience we have had with your children!'

This session certainly achieved the aim of broadening student knowledge and acceptance of other community members who may have some sort of physical or non-physical disability.

Community

As you may all be aware, we received the devastating news of the sad passing of Tim Latham. We would like to extend our deepest condolences to the Latham family at this difficult time and thank the Miling community for their support.

A School Chaplain from Youth Care Services was onsite today to provide support for our students and staff.

Please remind your child that they can always come and speak to us at this time and we will arrange to have a private chat.

Our School Psychologist is also available on request if required.

We are so fortunate to be part of such a wonderful community who in times of hardship band together and love and care for each other.

Cricket Cup

Melinda Lucas and Mike Hind conducted, in liaison with the schools, the Cricket Cup for our students last Friday. The students were split into teams and enjoyed the day of competition under the guidance of Mrs Dennis, Mrs Seymour, Karen Ellis, Liv Mincherton and Drew Barnard. Everyone thoroughly enjoyed the day even though at times it was a bit soggy. Thank you to the staff and parent helpers for the day.

Assembly

Our first Assembly for Term 4 will be held tomorrow. Please come along and support your child at this event. Thank you once again to the community for your fantastic support for our assemblies. The students will be presented with slightly different acknowledgements this term as our school expectations are underpinned with the school values. I hope the winners enjoy your lunch orders.

World Teacher Day

Thank you to the tremendous P & C who provided a lovely afternoon tea to acknowledge the efforts of our teachers and staff in the education of our students on Wednesday 23rd October. The staff were very grateful for the effort and the kind words from Joey Seymour as President of the P & C.

Department Maintenance

Maintenance has begun in the Junior Room and Office. The ceilings will be replaced in the school holidays. The school flag pole has been refurbished and looks much better. We are awaiting quotes for further works in the future.

Regards

*Ms Murray,
Principal*

PRIDE - EFFORT - PROGRESS

SunSmart

During sun protection times (when UV levels are 3 or higher), Cancer Council recommends people:

Slip on clothing that covers as much skin as possible

Slop on SPF30 (or higher) broad-spectrum, water-resistant sunscreen

Slap on a Broad-brimmed hat that shades the face, ears and neck

Seek Shade and

Slide on sunglasses that meet the Australian Standard for UV protection

Develop a passion for
learning. If you do, you will
never cease to grow.

Anthony J. D'Angelo

Classroom Learning Focus

Senior Room

On Friday 1st November, the Year 2 - 6 students walked to the Miling Oval to participate in the Woolworths Cricket Blast School Cup against students from Kalannie, Dalwallinu and Watheroo. The students all participated with great enthusiasm doing their very best. A huge thank you to the Year 2 students for filling in for us and also thanks to all those who helped on the day.

Junior Room

Yesterday we watched the Melbourne Cup race. The students enjoyed cheering on the horses and they looked awesome in their race day hats!

Ms Murray

Northam Health Network
Workshop on Inclusion and Disability
Conducted on 28th October

Mrs Seymour

In STEM the Junior room have been drawing shapes with the probots (cool yellow cars) and looking at circuits.

Homework Distinction

Students were presented with certificates acknowledging their consistent high effort in completing homework throughout Term 3.
Well Done Everyone!

Lids4Kids

Leave us the plastic lids from your milk, water, juice and soft drink bottles and they'll be converted into prosthetic hands for kids.

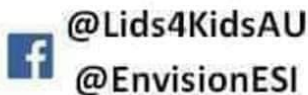

From this

To this

For more information check out:

<https://envision.org.au/envision-hands/>

LIDS FOR KIDS

Lids4Kids volunteer groups collect plastic milk, juice, water, UHT and soft drink lids and send them to Envision, a non profit organization in Victoria.

Envision has the aim of integrating disadvantaged job seekers into the working community and supports and assists community not for profit organizations. One of its projects,

Envision Hands, processes the plastic lids into 3-D filament and uses that to produce mobility and disability aids, STEM training tools, and aged care gadgets.

The Lids4Kids project focusses specifically on prosthetic limbs for children in need in Australia and globally across under-serviced countries.

Lids4Kids was created to enable community groups, schools, early learning centres and other interested individuals and organisations to recycle these plastic lids, becoming involved in a sustainability through active citizenship project to collect lids, clean and sort them, and ship them to Envision Hands for processing.

Lids4Kids is a great opportunity to help the environment, help our local and broader community, help this wonderful cause and in-turn help disabled children "get a new

Be sure all your lids are compatible: Type 2 or 4 plastics, and the correct size for processing - milk and juice lids, water bottle lids, UHT lids and plastic soft drink bottle lids only. Confirm the type number (2,4) on the inside of the cap.

If the lids do not have a number, provided it is a milk, water or juice lid, Envision has said that they can be included.
